## FLOWER FESTIVAL COLLECTION

*Since 2007, Pip takes her fans on an incredible journey, always looking for new stories & inspirations. The unique designs for everyday products are typical Pip, and clearly recognizable with eye for detail, special finishes and true to the intuition of Anke, the founding lady.*

*The stories are the starting point and the soul of the brand, always inspired on real life experiences! Every product is guaranteed to bring a sparkle to everyday life.*

*The unique design vision is articulated in Pip Studio's motto:  
Happy Products for Happy People!*

*Meanwhile Pip conquered the world and is sold in no less than 40 countries and at most major department stores, just by doing what she likes and finds beautiful. This all together with the dedicated Pip Team and the Pip Studio's Partners.*

*Surround yourself with Pip Creations and celebrate life!*

*Pip loves to travel to the Far East. She gets inspired on every journey, looking at arts and crafts of the traditional Asian cultures. After her last trip to Japan, she created the Flower Festival porcelain. In this collection she combines Japanese influences with the inspiration from her earlier journey through India.*

*The cups have been decorated with floral ornaments, inspired by the wooden Indian arches. In some items the flowers are combined with the refined Seigaiha wavelets print, which is typical Japanese. Every piece is decorated with golden details, a real treasure on your table.*

*The blue collection, Flower Festival is now also available in a beautiful raspberry edition. The Flower Festival collection consists of tableware, kitchen- and table textiles and dark-blue glassware. For the winter season we added oven- and bakeware to the collection.*

## WINTER WONDERLAND COLLECTION

*Our Winter Wonderland collection is inspired by all the treasures in the winter forests. After a long and cold walk Pip returned home, filled with excitement about the deers, little pigeons and cute hares she saw on the way. She had filled a basket with berries, acorns and seasonal flowers, that she used to decorate her kitchen table.*

*This winter walk became the inspiration for our cosy Winter Wonderland collection. With our beautifully decorated tableware and oven dishes your winter stews and pies come out even more tasteful. Our Winter Wonderland table textile collection brings that warm and cozy feeling onto your dinner table.*

*This year we made room for even more winter animals, such as deers and hares, on our oven- and bakeware as well as on our tea towels.*

## LOVE BIRDS COLLECTION

*One of Pips all-time favourites!*

*The decorative medallion with the robins and other birds still  
take a central place in this collection. The medallion becomes a real centrepiece,  
because of the relief on which it is placed.*

*Surprising is the combination of the curly golden decorative elements  
with the sleek design of both the shapes and stripes.*

*All products in this collection have the same style characteristics.  
The decoration around handles, ears and spouts gives this collection  
its own recognizable style.*

*Especially for the cosy wintertime we have the Love Birds White collection,  
another all-time favourite Love Birds series in winter whites.*

*We also added a new espresso set and small mugs.*

## LA MAJORELLE COLLECTION

*With the La Majorelle collection we give a tribute to the beautiful botanical gardens with its large diversity of colourful flowers and branches from all over the world. It's a lively display of flowers playfully combined with a nod to the palm trees and majestic herons. The dots and stripes on the background give this design a surprising combination and a modern twist. The La Majorelle tableware collection is available in pretty pink.*

*We added a tea set and heart-shaped plates and baking dishes with elegant herons to the La Majorelle collection. A perfect gift to surprise your loved ones on a special day!*

*The La Majorelle collection also includes glassware with a fairy tale golden landscape.*

## HERITAGE COLLECTION

*Pip's mother is 'a chip of the old block' and Pip is 'like mother, like daughter'. Treasure hunting and cherishing these finds runs in the family. Every piece has its particular story. Therefore there are hardly any plates, mugs, bowls and cups identical in her mother's kitchen cupboard. This mixed crockery collection inspired Pip to have a deeper look into her parents' roots.*

*The Heritage collection pays homage to Pip's parents and to the colourful stories of their lives. In this collection their two worlds come together. Pip's mother grew up in Indonesia, where her father, thus Pip's grandpa, was the head of the local post office. The memories from those Indonesian years gave us lots of inspiration.*

*You will find magnificent landscapes with palm trees, the exotic butterflies and the endless turquoise ocean.*

*Pip's father grew up in the Southwest coast of the Netherlands, also known as Zeeland. This is also the place where Pip's parents first met and fell in love. Typical for this region are the traditional costumes with their beautiful textiles with handcrafted details, such as the special golden brooch.*

*Up until today her dad loves taking the bike and going for his daily dip in the North Sea no matter the weather, summer and winter, "it keeps you healthy and strong" as he always says, while Pip's mother tirelessly works on her cross stitch and crafts at home. The longer you look at this carefully designed Heritage collection, the more stories you will discover and the more you learn about the heritage of Pip's family.*

*We added sets of four different cups, bowls and plates combined in a luxurious designed box.*

Selamat Makan!

## ROYAL COLLECTION

*The Royal collection consists of Royal Multi, Royal White, Royal Stripes and Royal Yerseke. All plates, cups and bowls in this collection have a delicate signature shape and are richly decorated with golden details. Besides tableware, the Royal collection also includes glassware, metal serving plates & bowls, candle holders and vases.*

*The Royal Multi collection is inspired by historic tableware. We used bold vintage flowers and blue blossoms to decorate the colourful cups, plates and bowls.*

*The Royal White tableware has been designed with a nod to Pips Dutch origin. The crispy white items are decorated with hand painted Delft Blue flowers. The graphic golden curls and dots give the collection a modern twist.*

*The Royal Stripes items give the Royal White collection an unexpected fresh twist with their clean blue-white stripes.*

*The latest addition to the Royal collection is Royal Yerseke. Pips family is originally from Yerseke, a small fishing village at the Southwest Coast of the Netherlands. In honor of this origin we created our new porcelain collection, called Royal Yerseke. Her family is renowned for its mussels, oysters and lobsters, which are hand painted on the bowls and plates. The Royal Yerseke collection consists of tableware and engraved wooden serving plates and combines perfectly with our Royal White collection.*

## BLUSHING BIRDS COLLECTION

*East meets west in the beautiful Blushing Birds collection,  
inspired by old chinoiserie wallpapers.*

*Influences from different cultures create exciting new contrasts and wonderful blends in this tableware collection. Colourful little birds and butterflies are elegantly placed between Eastern flowers, which Pip is known for. All items have a subtle geometric print in the background. The plates and mugs are decorated with typical Asian ornaments.*

*The Blushing Birds collection consists of tableware, kitchen- and table textiles as well as home accessories. Available in multiple colours; blue, white and khaki, which can be easily combined.*

Georgina Verbaan praat niet graag over beroemd zijn. Ze vindt het deprimerend om het erover te hebben. Het is nou eenmaal haar leven, voor haar is het gewoon. Het is niet een loser als mensen er steeds maar naar blijven kijken. Alsof het een ziekte is waarvan ze zich niet bewust is. Ze zit in een nogal oncomfortabele grote leren kuipstoel in de lobby van het Artotel op de Nieuwezijds Voorburgwal in Amsterdam. Het liefst zou ze de hele dag naar mensen kijken, inspiratie opdoen voor de personages die ze speelt in films of voor de columns die ze schrijft in *nrc.next*. Maar dat is niet altijd even makkelijk. 'Ik loop altijd alsof ik haast heb, heel hard. En ik kijk mensen nooit aan, maar altijd naar de grond.'

In de hotellobby is er een constant geroezemoes in het Engels, af en toe schuifelt een toeristenecht paar voorbij. Twee mensen zitten binnen gehoorsafstand, maar die kijken een film, allebei op hun eigen laptop. 'We waren op vakantie in een leuk beeldige anekdote...'

## EARLY BIRD COLLECTION

*The Early Bird tableware collection consists of a variety of patterns designed to mix & match and create a unique interplay through the applied artwork. We worked with a base of calm colours, a subtle print along the edge, combined with an eye-catching illustration of romantic roses.*

*The best seller from this collection; the refined Early Bird illustration with lovely cherry blossom, still takes centre stage. It's adorned with our famous red-white stripe with gold details.*

*All items are available in three colour groups; khaki, pink and blue, and can be easily combined both within and between the colour groups.*
